Graduating Students

Student Voices...

“I feel that I have gotten a high quality education at a fraction of the cost.”

“NMSU could definitely improve on communication between departments. I was given so much run-around while trying to get started that it almost discouraged me from even returning to school. Being told one thing in admissions, another at grad services, and other things elsewhere. It was ridiculous.”

“I feel that a weakness is the lack of hands on experience in the job field. A lot of students seek degrees and graduate only to realize that they don’t like the jobs they get with that degree. I think the university should look into a class that would allow you to work in different areas that your degree applies to…”
