**Salaries of Program Graduates One, Five, and Ten Years After Graduating
Based on One Cohort of Graduates for Each Time Period**

Source: Equifax Graduate Outcomes

Note: These salary statistics for graduates of New Mexico State University, Main Campus have been provided by Equifax Graduate Outcomes (EGO). EGO matched NMSU graduates from 2004-05 through 2014-15 with salary, location and industry of employment for up to ten years with the more than 300,000,000 payroll records in the Equifax Work Number database. Data was reported only for categories which returned at least a count of 10. This required creating "program areas" by combining most of NMSU's programs; the combination of programs under each program area is detailed on the last page of this document. However, many program areas could not be matched with EGP data in sufficient quantities to report any data. Therefore, the closest year of data available to the designated year has been listed (and detailed below). Although many businesses and industries participate in the Equifax Work Number, not all do, particularly in education-related fields. The absence of data does not imply graduates of these programs did not find jobs: it simply means the graduates were not found in the Work Number database. All reported salary information is based on 2017 dollars.

Key to shaded cells - red is for same time out but a different year, green is for the closest match, possibly using a different length of time out

Baccalaureate Degree

Education - Other	5 years is based on 2009-10 for 6 years out
Electrical and Computer Engine:	5 years is based on 2008-09
Elementary Education	5 years is based on 2008-09 for 6 years out
Engineering-Other:	5 years is based on 2010-11 for 4 years out
Family_Consumer Sciences:	1 year is based on 2013-14
	5 years is based on 2010-11
	10 years is based on 2006-07 for 9 years out
Fine Arts:	10 years is based on 2005-06
General Business:	10 years is based on 2004-05
Health-Other:	10 years is based on 2005-06 for 9 years out
Journalism:	5 years is based on 2010-11
Life Sciences:	5 years is based on 2009-10
Psychology:	5 years is based on 2008-09
	10 years is based on 2005-06
Doctorate Degree	
Other Doctoral	10 years is based on 2004-05
Science_Engineering_Math	5 years is based on 2010-11

Masters Degree

Arts & Humanities	5 years is based on 2010-11
Business - Other	10 years is based on 2006-07 for 9 years out
CS_Math and Physical Sciences	1 year is based on 2010-11
	5 years is based on 2010-11
Education	1 year is based on 2012-13
	5 years is based on 2012-13 for 4 years out
Education - Other	1 year is based on 2013-14 for 2 years out
	5 years is based on 2010-11
Electrical Engineering	1 year is based on 2011-12 for 2 years out
Engineering - Other	1 year is based on 2011-12
	5 years is based on 2010-11
Industrial Engineering	5 years is based on 2009-10
	10 years is based on 2007-08 for 9 years out
Life Sciences	1 year is based on 2012-13 for 2 years out
	5 years is based on 2007-08
Nursing Public Health	1 year is based on 2010-11
	5 years is based on 2010-11
	10 years is based on 2007-08 for 9 years out
Master of Social Work	1 year is based on 2013-14

Location of Programs within Reported Program Areas (for Grouped Program Areas Only)

Degree	Program Area	Specific Program
Bachelor	Aerospace and Mechanical Eg Ag Sciences	Aerospace Engineering, Mechanical Engineering Agricultural & Extension Education, Agriculture & Community Development, Agriculture Biology, Agronomy, Animal Science, General Agriculture, Environmental Science, Fisheries, Horticulture, Range Science, Soil Science, Turfgrass Management, Wildlife Science
	Business-Other	Accounting, Agricultural Economics & Agricultural Business, Economics, International Business
	Computer Sci_Math_Physical Sci	Chemistry, Computer Science, Geology, Information Sciences, Mathematics, Physics
	Creative Media	Animation& Visual Effects, Digital Film Making
	Criminal Justice	Criminal Justice
	Educaton - Other	Communication Disorders, Early Childhood Education, Music Education, Secondary Education, Special Education
	Electrical and Computer Engine	Electrical Engineering, Engineering Physics
	Elementary Education	Elementary Education
	Engineering Technology	Engineering Technology (all discipline), Information & Communication Technology, Surveying Engineering
	Engineering-Other	Civil Engineering, Chemical Engineering
	Family_Consumer Sciences	Clothing, Textiles & Fashion Merchandizing, Family & Child Science, Family & Consumer Science Education, Human Nutrition & Dietetic Science, Human Nutrition & Food Science
	Finance	Finance
	Fine Arts	Art, Dance, Fine Arts, Music, Theatre
	General Business	General Business
	Health-Other	Community Health, Kinesiology, Public Health, Sports Medicine, Social Work
	Hotel_Tourism	Hotel, Restaurant & Tourism
	Humanities	English, History, Foreign Languages, Philosophy
	Independent Studies	Independent Studies
	Journalism	Journalism
	Life Sciences	Biochemistry, Biology, Conservation Ecology, Genetics, Microbiology
	Management	Management
	Marketing	Marketing
	Nursing	Nursing
	Psychology	Psychology
	Social Sciences	Anthropology, Communication Studies, Geography, Government, Sociology, Women's Studies
	Master's	Arts & Humanities
Business - Other		Accounting, Agricultural Economics, Economics
CS_Math and Physical Sciences		Astronomy, Applied Statistics, Chemistry, Computer Science, Geology, Mathematics, Physics
Education		Education
Education - Other		Agricultural & Extension Education, Communication Disorders, Counseling & Education Psychology, Counseling & Guidance, Education Administration, Special Education
Electrical Engineering		Electrical Engineering
Engineering - Other		Aerospace Engineering, Chemical Engineering, Civil Engineering, Environmental Engineering, Mechanical Engineering
Industrial Engineering		Industrial Engineering
